

CORONAVIRUS PHISHING SCAMS 4 RED FLAGS

“Online sellers” claiming they have in-demand products

Like face masks, medical supplies, and hand sanitizer. They just want you to click the link to their online store.

Emails, phone calls, and text messages about:

getting your stimulus check from the government.

Emails from the Centers for Disease Control and Prevention or the World Health Organization.

Scammers are using their reputable names to get you to click links in their emails. You should get your information directly from these organization's websites. They will not email you.

Online offers for:

Coronavirus treatments or vaccines.
